

Tantra Chem India Pvt Ltd

Your Trusted Partner
for Industrial
Procurement &
Bromine Solutions

About Us

- Tantra Chem India Private Limited is a leading manufacturer of Bromine and a comprehensive industrial procurement solutions provider. We combine chemical manufacturing expertise with end-to-end supply chain management to serve India's most demanding industrial sectors.
- Our dual expertise ensures reliable supply of critical chemicals while managing complex procurement requirements for major industrial clients across the country.

ABOUT THE MANAGING DIRECTOR

Mr. Mandar Vilas Adivarekar is a dynamic and result-oriented business professional, serving as a Company Director with over 13 years of diverse industry experience. His expertise spans across Marketing, Supply Chain Management, Information Technology, Dispatch Operations, and Human Resources.

He possesses strong leadership capabilities backed by excellent interpersonal and communication skills, enabling him to build effective teams and maintain long-term business relationships. Mr. Adivarekar has a proven track record in strategic planning, market assessment, and execution of business development initiatives that drive organizational growth.

His strengths include efficient time management, operational excellence, and the ability to streamline processes across departments. With a comprehensive understanding of general management practices, he consistently contributes towards enhancing productivity and achieving business objectives.

Mr. Adivarekar's multi-functional experience and strategic mindset make him a valuable asset in driving sustainable growth and operational efficiency within the organization.
